AIMS AND SCOPE

European Journal of Rhinology and Allergy (Eur J Rhinol Allergy) is an international, scientific, open access periodical published in accordance with independent, unbiased, and double-blinded peer-review principles. The journal is the official online-only publication of Turkish Rhinologic Society and published triannually in April, August, and December. The publication language of the journal is English.

European Journal of Rhinology and Allergy aims to contribute to the international literature by publishing original clinical and experimental research articles, case reports, review articles, technical notes, and letters to the editor in the field of rhinology and allergy.

The journal’s target audience are researchers, physicians and healthcare professionals who are interested or working in the field of rhinology and allergy.

European Journal of Rhinology and Allergy is currently indexed in DOAJ, Gale, China National Knowledge Infrastructure (CNKI) and TÜBİTAK ULAKBİM TR Index.

The editorial and publication processes of the journal are shaped in accordance with the guidelines of the International Committee of Medical Journal Editors (ICMJE), World Association of Medical Editors (WAME), Council of Science Editors (CSE), Committee on Publication Ethics (COPE), European Association of Science Editors (EASE), and National Information Standards Organization (NISO). The journal is in conformity with the Principles of Transparency and Best Practice in Scholarly Publishing (doaj.org/bestpractice).

Processing and publication are free of charge with the journal. No fees are requested from the authors at any point throughout the evaluation and publication process. All manuscripts must be submitted via the online submission system, which is available at www.eurjrhinol.org. The journal guidelines, technical information, and the required forms are available on the journal’s web page.

All expenses of the journal are covered by the Turkish Rhinologic Society. Potential advertisers should contact the Editorial Office. Advertisement images are published only upon the Editor-in-Chief’s approval.

Statements or opinions expressed in the manuscripts published in the journal reflect the views of the author(s) and not the opinions of the Turkish Rhinologic Society, editors, editorial board, and/or publisher; the editors, editorial board, and publisher disclaim any responsibility or liability for such materials.

All published content is available online, free of charge at www.eurjrhinol.org.

European Journal of Rhinology and Allergy is an open access publication, and the journal’s publication model is based on Budapest Open Access Initiative (BOAI) declaration. Authors retain the copyright of their published work in the European Journal of Rhinology and Allergy. The journal’s content is licensed under a Creative Commons Attribution-NonCommercial 4.0 (CC BY-NC 4.0) International License.
